

MCLACHLAN HOMES

Your experience, in your words.

Flexibility throughout the build

This is the 4th home we have built and McLachlan are leaps and bounds ahead of any of our previous experiences.

The quality, the communication, the follow up and flexibility throughout the build and the willingness to let us interact, means our ideas were able to evolve as our home came to life. Such a personable approach. This was achieved with the support, knowledge and interaction from our site supervisor Dave and the ongoing guidance and follow up from Anson.

Thanks to all the behind the scenes staff and trades who worked to build our beautiful home.

Rebecca & Stephen
